Delicious, Fun-To-Make Christmas Tree Treats

Show Santa you belong on the nice list when you present a plate of delicious, festive Christmas Tree Treats! No bake and fun-to-make, these sweet & salty desserts are sure to sweeten your holiday season!

Kids can count out the pretzel sticks while you melt the candy and load it into a plastic bag for the piping. Steady your hand! Show kids how to slowly squeeze the bag in a zigzag fashion, back and forth, to form the tree branches. Place your hand atop theirs if extra support is needed. Immediately sprinkle the trees with rainbow nonpareils before the candy branches set. Perfect for preschoolers' attention spans, this easy recipe will entertain your kids and impress your guests. Our Christmas Tree Treats are sure to be a show stopper as a stand alone snack or as a cinnamon roll topper on Christmas Day! Recipe and instructions below:

Ingredients

- 1 Bag of thin pretzel sticks
- 12 oz Bag of green candy melts (or green food coloring can be added to white chocolate candy melts)
- Multi-colored nonpareil candy sprinkles
- Star-shaped candy sprinkles
- Plastic freezer bags (sandwich size or larger)
- Parchment paper

Recipe

- 1** Line a baking sheet with parchment paper. Arrange pretzels on baking sheet, about 2-3 inches apart.
- 2** Melt candy in a microwave in 30 second intervals until melted, stirring along the way.
- 3** Pour melted candy into a plastic zipper bag and snip off a tiny corner with scissors.
- 4** Pipe melted candy on the pretzels starting at the top; traverse across the pretzel in a zigzag pattern leaving some of the pretzel exposed to form the trunk and branches. Make your drizzles progressively wider as you move towards the bottom so your shape resembles a tree.
- 5** Top generously with sprinkles and place a star on top of each.
- 6** Let set for 10 minutes. Enjoy!

Holidays are for “Elfies!”

“Elfie” Photo Frame

“Elf yourself” this holiday season! Take an “Elfie” of your kiddos to post on the wall or turn into a Christmas tree ornament. Turn on the movie, “Elf,” and get in the holiday spirit! Help kids take an “Elfie” selfie and insert their

face into the “Elfie” Photo Frame below. Thread a paper clip atop to hang on the tree or wrap up and send home as a gift to grandparents or a friend. Don’t forget to teach your kids the official Elf Code (see below)!

- use fine scissors to cut closely around face and hat or cut along gray outline for a looser cut
 - tape or glue wooden stick to hold prop (not included)

The Elf Code

- *Treat every day like it's Christmas*
- *There is room for everyone on the nice list*
- *Spread cheer by singing loud for all to hear*
